**Campaign Not Finished  
Will Continue Until  
Tuesday, June 30**

coming into their stations for the past 10 days. Over 78,000 pounds have been collected up to this time and the total is expected to go over the 50 ton mark by Tuesday night when the drive is over.

A house to house canvass by scout members of Belle Glade has made the scrap pile grow larger every day. Scouts started off with a "bang" Monday morning and they reported the response was very good. Besides rubber tires, they are asking all housekeepers to check thorough-

various kinds, garden hose, children's toys and many other things made of rubber or part rubber.

Some of the rubber has been donated outright to the government. The Kruse brothers turned in about 200 pounds to A. E. Kirchman and refused payment for it. State Farm No. 2 turned in 2,815 pounds and refused payment for it. Most of

The service stations had some scrap rubber around the station and donated their share to the pile. Everybody has turned in something and the boys and girls of the town have done a good job in collecting the scrap rubber.

The drive is not over yet. You still have till Tuesday night to get your rubber scraps and turn them in to one of the filling stations.

**COUNTY TAX SALE  
SET FOR TUESDAY;  
NEW LAW APPLIES**

---

Sale of lands on which 1941 county taxes are delinquent will be conducted next Tuesday, June 30, starting at noon at the west door of the courthouse in West Palm Beach.

Under new laws, any back tax

certificate issued and not purchased by an individual will be bid in the name of the county, it is explained by Stetson O. Sprou, county collector.

After the certificate is two years old the court clerk will notify the owner of the land affected. If the clerk gets no reply title to the property goes to the state.

### MARRIAGE ANNOUNCED

Mr. and Mrs. A. B. Barnes of South Bay, announce the marriage of their daughter, Lucille, to Leland Keene, son of Mrs. Anna Keene, on Monday, June 22 at the Baptist church in South Bay by the Rev. F. W. Capell in the presence of relatives.

The bride grew to young

womanhood in South Bay and was graduated from the Palokoe High School with the class of 1942. She has been prominent in social and church circles, teacher of a class in Sunday school. She has won many county and state honors in 4-H Club work and was the out of state winner of a trip to the National 4-H Club Congress at Chicago in 1940, having won

first state honors in food preparation. The groom has made his home here with his mother for the last three years, enlisting in the Army a year ago. At present he is stationed at Camp Benning, Ga., where the young couple will make their home for the present.

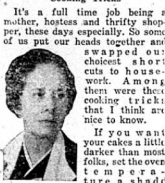

### HONORED AT SHOWER

Mrs. S. M. McAllister entertained at a bridal shower in honor of Mrs. Leland Keene at her home in South Bay Monday evening. Light refreshments were served following the display of

### Cooking Tricks

It's a full time job being a mother, hostess and thrifty shopper, these days especially. So some of us put our heads together and have a few tricks to share with you. Among them are these: **Washed out cooking tricks.** I think you will like to know.

If you want your cakes a little drier than most folks, set the oven temperature a shade higher or let the cakes stay in the oven a bit longer. Do just the opposite if you like them lighter. And don't forget, the time shown for baking in most recipes is based on ingredients at room temperature when mixed and placed in the oven. If you keep them in the refrigerator until just before using, they'll need longer baking.

When broiling vegetables, dip them in salad oil or give them a generous coating of melted butter. They brown better. Before broiling steaks and chops, make slices in the fat around the edges, then the meat will lie flat on the rack. That goes for bacon, too. Which reminds me -- to separate slices of bacon without tearing, try putting as many slices as you need into the skillet. As the bacon warms up, the slices will separate readily with a kitchen fork.

Crumbling chicken? Shake it in a bag with the crumbs. Making soup? Toss a lettuce leaf into the pot and it will absorb the grease and may be removed as soon as it has done its job. When cutlery, cardinals, or lumps appear in pudding or gravy, beat with a rotary beater until smooth. And have ever tried corn flakes as a substitute for bread crumbs in scalloped dishes? If you'd like to, here's your chance:

## Now Is the Time to Fix Your Yard

### PERTINENT POINTERS For Cooking Appliances

Many trouble calls and repair bills will be avoided if you make sure that:

1. Fuses and wire clips are tight, as loose fuse contact or loose fuse clips cause heating of the fuses and early failure.

2. Unnecessary strains on cords and lead wires are avoided.

3. Plugs are always firmly and fully inserted in their receptacles.

4. Switches are wiped free of grease and are properly lubricated.

5. Rough handling and twisting of thermostat is avoided.

For safety's sake, make certain your electrical appliances are properly grounded. Any competent electrician can check this for you. A wire from the frame of the appliance to a water pipe is a safe ground.

Watch this column each week for pointers on efficient operations and maintenance of your appliances.

Why not plan now to trim your lawn and clear those ditches you've been thinking of doing for months?

Summertime brings weeds and rains. Time is heavy on your hands, so come to BETZNER'S HARDWARE STORE and get the necessary tools to do a bang-up job.

Cut your grass, get rid of summer weeds and your home will be more cheerful and you will be more happy after working your worries away.

**FIGHT AND WRITE**  
(Continued From Page 1)  
"Fight and Write" column of the Herald by my friends of Belle Glade. Although I get the Herald every week this is my first attempt to write.  
To begin with I enlisted and was sworn in at Blanding on February 19, 1942. I was then sent to Camp Stewart, Georgia, which is a Coastal Artillery Company.  
Due to my former experience with Simmons Electrical company of Belle Glade, I was sent to a wire communication school. Shortly after I finished school I was made Corporal of Communications.  
The army isn't so bad and is just what you want it to be.

Its a wonderful experience and taining that everyone should have. At the present time I am home on a seven day furlough and am having a fine time. The town sure looks good after four months of camp life.  
I must sign off this time but will write again soon. Let me hear from you my friends. Best of luck.

**RUBBER SALVAGE**  
Continued from page 1  
was reported by E. E. Kirchman over 26,000 pounds. All his stations, of course, contributed their share to the total. Lawrence Will reported that 2,600 pounds had been turned in to him and Van Horn reported about 5 tons. All in all the town has done a fine collecting job and are to be congratulated.

**Date For Gasoline Rationing Set Up**  
The local Rationing Board has been advised that the second gasoline registration which had been slated for July 1 to 3, has been postponed to July 9 to 11. Start of permanent gas rationing, originally set for July 15, now is scheduled for July 22.

The extra week is to give the motorists more time to form automobile-sharing clubs, it was announced.

Places of registration, announced by Billy Weeks, chief registrar, are as follows: Belle Glade white and colored schools, South Bay white school, Lake Harbor white school. Registrars for the registration places will be announced next week.

Miss Ruth Hurd has returned to her home in West Palm Beach after a weeks visit with Norma Jean Armstrong.

## Lesson-Sermon For Christ Scientist

"Christian Science" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, June 28. The Golden Text is: "Laying aside all malice, and all guile, and hypocrisies, and envies, and all evil speakings, as newborn babes, desire the sincere milk of the word, that ye may grow thereby" (1 Peter 2:1,2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The people which sat in darkness saw great light: and to them which sat in the region and shadow of death light is sprung up" (Matt. 4:16).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with the Scriptures" by Mary Baker Eddy: "Beyond the frail premises of human beliefs, above the loosening grasp of creeds, the dawn of revelation of Truth, of Life, and of Love, which remains inviolate for every man to understand and to practice" (p.98:15-21).

**JUBILEE WEEK**  
(Continued from page 1)  
the opening of Victory Vacations and Jubilee Week. Sometime during the day mayors from Delray Beach to Stuart, and cities in the Glades section, will speak over W. N. J. Christian.

On Monday, the first contest to start the day's program, will be the Victory Quiz, in which Boy Scouts and Girl Scouts will vie for supremacy. On the same day at 4:15 p. m. the first elimination contest for talent entrants will be held with others to follow at the same hour Tuesday and Thursday and the finals on Friday, July 3. There are contests for vocalists, instrumentalists, dancers, novelty entertainers and group singers. Entries must be post-marked not later than June 25th and mailed

# WAR DAMAGE INSURANCE

Our agency is proud to state that due to our connection with the Florida Association of Insurance Agents and The National Association of Insurance Agents, we have been appointed by the Federal Government to take applications for War Damage Insurance. On and after the first day of July, 1942 the Government will not reimburse you for damage by enemy agents, bombs, sabotage, or any other enemy acts which may damage your property in any way unless you have this insurance in addition to your regular fire or automobile insurance. It is not necessary that you have other insurance or that you carry other insurance. The correct procedure for obtaining this insurance is as follows:

1. Obtain application blank from our agency and we will help you fill it out.
2. Give us your check or money order for the amount of insurance you desire.
3. We will forward your application and money to the proper persons who will prepare your policy and return it to us for personal delivery.

## REMEMBER

Any fire, windstorm or automobile insurance you may now carry WILL NOT cover you for war damage.
